Appointment of Director

Effective October 26, 2018, John Kispert joined the board of directors (the “Board”) of Ichor Holdings, Ltd. (the “Company”).

Mr. Kispert, 55, currently serves as a Managing Partner of Black Diamond Ventures, a California-based venture capital firm, leading sourcing, selection, and value-add efforts for companies from early to late stage. Prior to joining Black Diamond Ventures, Mr. Kispert was CEO of Spansion, Inc., a developer and manufacturer of embedded semiconductors, from 2009 to 2015 where he lead the company out of bankruptcy in early 2009 to a profitable, growing company with over \$1.5 billion in annual revenues, eventually completing a merger with Cypress Semiconductor in March 2015. Previously, Mr. Kispert was with KLA-Tencor, an S&P 500 global semiconductor leader, from 1995 to 2009, advancing to numerous high-level positions including President and COO from 2005 to 2009 and Executive Vice President and CFO from 2000 to 2005. Mr. Kispert earned his MBA from UCLA in 1989.

Mr. Kispert will be paid an annual retainer of \$70,000 for serving on the Board and as chairman of the Audit Committee. Mr. Kispert will receive a grant of restrict stock units representing \$150,000, subject to vesting over a three-year period based on continued service on the Board.

There are no family relationships between Mr. Kispert and any director, executive officer, or nominees thereof of the Company. There are no related party transactions between the Company and Mr. Kispert that would require disclosure under Item 404(a) of Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended.

A copy of the press release announcing Mr. Kispert’s appointment to the Board is attached hereto as Exhibit 99.1.

John Kispert Joins Ichor Board of Directors

FREMONT, Calif., October 29, 2018 -- Ichor Holdings, Ltd. (NASDAQ: ICHR), a leader in the design, engineering and manufacturing of critical fluid delivery subsystems for semiconductor capital equipment, today announced that John H. Kispert, a veteran of both the semiconductor capital equipment and memory industries, has joined its Board of Directors, effective October 26th.

“John brings a wealth of industry expertise to our board. Throughout his career, he has had an outstanding track record of creating shareholder value,” said Tom Rohrs, chairman and chief executive officer of Ichor. “John’s extensive executive leadership experience in the global semiconductor manufacturing industry will make him a very strong contributor to the board.”

Mr. Kispert has held a number of executive and board positions during his more than 20 years in the memory and semiconductor equipment industries. Mr. Kispert was the chief executive officer of Spansion, Inc., where he successfully guided the company through a period of significant revenue growth and improved profitability and the eventual sale to Cypress Semiconductor in March of 2015. Prior to this, Mr. Kispert spent 13 years at KLA-Tencor, including positions as president, chief operating officer and chief financial officer. Preceding his tenure at KLA-Tencor, Mr. Kispert held several management positions at IBM.

“I am delighted to join Ichor’s board,” said John Kispert. “The company has experienced significant growth over the past several years, and I look forward to making contributions to the company as it continues to focus on increasing shareholder value.”

About Ichor

We are a leader in the design, engineering and manufacturing of critical fluid delivery subsystems and components for semiconductor capital equipment. Our product offerings include gas and chemical delivery subsystems, collectively known as fluid delivery subsystems, which are key elements of the process tools used in the manufacturing of semiconductor devices. Our gas delivery subsystems deliver, monitor and control precise quantities of the specialized gases used in semiconductor manufacturing processes such as etch and deposition. Our chemical delivery subsystems precisely blend and dispense the reactive liquid chemistries used in semiconductor manufacturing processes such as chemical-mechanical planarization, electroplating, and cleaning. We also manufacture precision machined components, weldments, and proprietary products for use in fluid delivery systems for direct sales to our customers. We also manufacture certain components for internal use in fluid delivery systems and for direct sales to our customers. This vertically integrated portion of our business is primarily focused on metal and plastic parts that are used in gas and chemical systems, respectively. Ichor is headquartered in Fremont, CA. www.ichorsystems.com.
